Subject: FW: CNU Fund Raising: Call to Arms

Hi everybody,

Below is a message from Tim Van Meter, one of the co-chairs of the Local Host Committee for the CNU-17. I wouldn't forward this message to you if we were not in dire straights. I appreciate your understanding. This is the time to make CNU-17 happen. It needs help from each one of us.

Warm regards,

KORKUT ONARAN, PH.D.

PRESIDENT
CNU-Colorado

Subject: CNU Fund Raising: Call to Arms

Fellow Co-Chairs & Fund Raising Committee: Maria, Catherine and I meet yesterday on CNU 17 fund raising. Still to date, I am one [VMWP] of two [Wolff Lyon] who have actually written checks to CNU, and as I now understand it, this is for CNU Colorado's use only. We currently have "0" dollars for CNU 17 from the local host committee. Everybody has reported a few "nibbles" to date, but no cash. We are also hearing that CNU National lost some of its early sponsorships. CNU 17 is 11 weeks away, so it is about 3 minutes to midnight. Not sure what else to say, but if all of us give it 150% in the next week +, we might have a Congress in June. Not sure any one can sit this one out. Lets do it.

Thanks for listening to my concerns.

Tim

ps: What I am seeing is a very high quality of events, products and discussions being planned for CNU 17 [I have attended the previous 14]. This will be very stimulating during our current moribund economy and help us visualize a glass 1/2 full.
